## MONITORING EXIT SUMMARY

---

The programmatic quality assurance review of the Wagner-Peyser Program, Job Seeker component, for PY 2017 -2018 has been completed. The sample size consisted of twenty-nine (29) computer-based files.

The results of the review are presented as findings, Other Noncompliance Issues and Observations. Findings identify violations of Federal Law, Florida State Statute, regulation, code policy or procedural guidance. Other Noncompliance Issues identify lower risk conditions and Observations identify situations the staff may need to be aware of. Each Finding and Other Noncompliance Issue requires a Corrective Action Plan (CAP).

Fourteen (14) Employ Florida Job Seeker files monitored contained sufficient documentation to support all case management elements and that the data recorded in EFM were found to meet program compliance standards. However, the review identified fifteen (15) job seeker files as containing issues that were identified as containing FINDINGS. There were no NON-COMPLIANCE issues identified.

Please submit your CAP along with any supporting documentation within 20 days from receipt of this report to [mdavis@careersourceescarosa.com](mailto:mdavis@careersourceescarosa.com). Should you have any questions related to this report or the quality assurance review process, please feel free to contact me at 850-607-8700 x 294 or at the above email address. Hope that you find the recommendation contained on the matrix beneficial to improving the services provided to the CareerSourceEscarosa Job Seeker.
